Global Perspectives Travel Immunization Requirements

The mandatory vaccinations are necessary for international travel. The highly recommended vaccinations are identified by a comprehensive travel medicine database specifically related to international health and travel as moderate risks to travelers. These may include but are not limited to country, region, elevation, province, and city.

Yakama Nation Humanities

June 5-22, 2021

Mandatory:

- MMR (Measles, Mumps, Rubella) x 2
- Varicella (chickenpox) x 2 or positive titer
